PROFESSIONAL SUMMARY

UI/UX Designer with internship experience across four organizations, delivering real-time, user-centered design solutions for web and mobile platforms. Skilled in Figma, wireframing, prototyping, and usability principles, with a strong grounding in the end-to-end design thinking process: research, ideation, wireframing, high-fidelity prototyping, and usability testing. Experienced collaborating with developers and cross-functional teams to ship clean, accessible, and functional interfaces under tight deadlines.

EXPERIENCE

UX/UI Designer (Internship) | Carrezza Global Solutions

Apr 2026 – Jun 2026 • Perundurai, Tamil Nadu, India

Completed a three-month on-site internship working directly with the development team on live, real-time projects, gaining hands-on experience in professional design workflows, project handling, and task management under tight deadlines. Collaborated closely with developers and participated in team discussions and idea-sharing sessions.

- CRM Management System — Designed dashboards, lead management, customer management, reports, and sales tracking modules through user research, wireframing, prototyping, and high-fidelity UI design
- Turf Vendor Management Platform — Designed vendor onboarding, subscription management, turf profile management, booking workflows, and admin dashboard experiences with a focus on usability and business operations
- Star Bags E-Commerce Platform — Designed customer-facing and admin panel interfaces including product management, order management, coupon management, review management, and payment management, ensuring a seamless user experience

UI/UX Intern (Remote) | Cognify Technologies

Nov 2025 – Dec 2025 • Nagpur, Maharashtra, India

- Managed project tasks and consistently completed deliverables within short deadlines through effective time management
- Designed reusable UI components in Figma — buttons, cards, icons, and navigation bars — and developed color palettes, typography systems, and landing page layouts for clear visual hierarchy
- Strengthened understanding of core UX principles including consistency, accessibility, and user-centered design

UI/UX Intern (Remote) | CodSoft

Oct 2025 – Nov 2025 • Kolkata, West Bengal, India

- Designed a complete mobile signup flow, email template, restaurant menu, and e-commerce UI based on client requirements
- Applied auto-layout, components, wireframing, and high-fidelity prototyping to improve practical Figma skills
- Created clean, user-friendly layouts with clear navigation, visual hierarchy, and responsive structure
- Maintained a GitHub repository documenting all tasks and produced demo videos showcasing the design process

KEY PROJECTS

Dream College Application | Independent Project

Nov 2025 – Feb 2026 • Coimbatore, India

- Designed a UX solution aimed at improving education access for rural students, addressing real-world usability barriers
- Executed the complete design thinking process: user research, ideation, wireframing, high-fidelity prototyping, and usability testing
- Delivered a simple, accessible, and user-friendly platform tailored to the needs of rural student users

SKILLS

UX/UI Skills

- Product Design & UX Strategy
- User Interface (UI) Design & User Experience (UX) Design
- User Research, Usability Testing & A/B Testing
- Information Architecture & User-Centered Design
- User Flows, Customer Journey Mapping & User Personas
- Wireframing, High-Fidelity Prototyping & Interaction Design
- Heuristic Evaluation & Accessibility (WCAG)
- Responsive Design, Design Systems & Design Tokens
- Auto Layout, Grid Systems, Typography & Color Theory
- Design Handoff, Developer Handoff & Agile/Scrum Workflows
- Stakeholder Management & Data-Driven Design

Design Tools

- Figma (Auto Layout, Components, Variables, Responsive), Adobe XD, Adobe Photoshop
- Framer, Pixso, Miro, Balsamiq, Canva, Marvel

AI-Assisted Design Tools

- UX Pilot, Figma Make, Figma Component AI, UX Magic, Maze
- Google Stitch, Uizard, UI Plugins, Jira, ChatGPT

Core Strengths

- Problem Solving & Design Thinking
- Team Collaboration & Cross-Functional Communication
- Time Management & Deadline-Driven Delivery
- Adaptability & Continuous Learning

EDUCATION

Advanced UI/UX Design (Certificate) | De Mentee Academy

Jun 2025 – Feb 2026 • Coimbatore, India

Bachelor's Degree in Computer Science | Shree Venkateshwara Arts and Science Co-education College

Aug 2022 – May 2025 • Erode, India

Higher Secondary Education (12th HSC) | Government Higher Secondary School

Jun 2021 – May 2022 • Erode, India

Higher Secondary Education (10th SSLC) | Government Higher Secondary School

Jun 2019 – May 2020 • Erode, India

LANGUAGES

Tamil (Native) | English (Advanced)
